**PETITION FOR RULEMAKING**

Boonville Broadcasting Company ("Boonville Broadcasting"), by counsel, hereby petitions the Federal Communications Commission for the initiation of a rulemaking proceeding to amend the FM Table of Allotments, Section 73.202 of the Commission's Rules, to assign FM Channel 241A to the community of Boonville, California, as follows:

City	Present	Proposed
Boonville, California	None	241A

1. As indicated in the attached Engineering Statement (attached hereto as Exhibit 1), Channel 241A can be assigned to Boonville in complete compliance with the Commission's distance separation requirements as contained in 47 CFR §73.207. The reference coordinates: 39-00-59 N 123-32-19 W will show the 70dbu (city grade contour) entirely encompassing the city of Boonville, California. Moreover, there is a wide area available for placing an appropriate transmitter.

2. Boonville is a city located in Mendocino County, California.

According to the 1997 Rand McNally Atlas, Boonville has a population of 1,000 persons. Boonville is located on State Highway 263 approximately 15 miles west of Ukiah in northwestern California. At present, the community is not receiving community service any full-power aural service. Therefore, the public interest will be served by the assignment of Channel 241A to Boonville, California.

3. If the Commission assigns Channel 241A to Boonville, California, Boonville Broadcasting will apply for a construction permit and will construct a new facility upon award of that permit.

**WHEREFORE**, in accordance with the above, Boonville Broadcasting Company respectfully requests that Channel 241A be assigned to Boonville, California.
